COLLYER CAWINGS.

COLLYER, Jan. 2.

A fight.

Bright nights.

T. L. Fike paid Buffalo a visit Sunday, between trains.

The Catholics held services in their church Sunday.

Johnnie and Ida Ashcroft, of the Saline, were in town Sunday.

Temp Smith and Ede Eeher, of Wa-Keeney, were in Collyer Sunday.

The officers of the G. A. R. and W. R. C. were installed Saturday.

Rev. Richard and son were the guests of F. C. Swiggett Saturday night.

Otis Kessler and F. Cartwright were visitors at the McMillan ranch Friday.

J. W. Hickman is now Collyer's notary public. Soldiers can now have their papers filled here.

Mr. and Mrs. S. C. Robb, of Ogallah, were in town Saturday, attending Post and Corps meetings.

Frank Fouts came home from Wa-Keeney Saturday night, feeling quite indisposed. He is some better at present.

Rev. Richard came down Saturday and preached at the new church. He will preach again soon, but further notice will be given. The building will soon be seated with chairs.

The people of Collyer witnessed a fight last week between Fred Malms and Victor Zavodsky. Zavodsky had Malms arrested and fined one dollar and costs, making in all about fifteen dollars. A costly fight.

OGALLAH OOLINGS.

OGALLAH, Trego Co., Jan. 2.

School is closed this week on account of sickness.

Elder Miles Knapp is holding a series of meetings at McCracken.

Rev. Mr. Walker preached a very able sermon at Ogallah last Sunday. Subject, "Close Communion."

In view of the sickness in this neighborhood among the children, it behooves parents to see to the sanitary condition of their houses and surroundings. A little precaution in this way may save a heap of trouble and expense.

I am sorry to report the illness of Mr. Robb's two boys, Arthur and Edgar. The doctor says it is scarlet fever. Arthur is getting better, but Edgar is very sick. Mr. Hixon, 3 miles north of Ogallah, has a boy down with the same disease. He is improving.

Death has entered the family of John Nelson, living 1 1/2 miles north of Ogallah. His three children died after an illness of 24 hours. The suddenness of the deaths has cast a gloom over this community, as two of the children had been going to school up to last Wednesday, in apparent good health. There are various opinions as to the cause. The supposition is that death was caused by malarial poison getting into the system. The neighbors did all in their power to assist the family, and feel deeply for the parents in their great sorrow.

CLONTARE.

IN AND AROUND TOWN.

Rev. Childs, without making any apologies about a sore throat, bad cold or lame finger, went to work last Sunday night and preached such a sermon at the Baptist church on "The Salvation of Souls" as would have interested every man and woman in Wa-Keeney if they could have heard it. We say to Mr. Childs, come again.

We learn that the lecture to be delivered at the Methodist church next Monday night is for the benefit of the Methodist Sunday school here.

SPECIAL REPORTER.

LAND DECISIONS.

The following synopses of decisions of the land department are furnished by W. D. Harlan, land and mining attorney, Washington, D. C.

PRACTICE.

In Ashenfelter vs. Johnson, Assistant Secretary Mulrow held that a contestant, having procured the cancellation of a homestead entry, is entitled to the right of entry in preference to a cash entry under act of June 15, 1880, by the contestant.

In the D. W. Ensign case, decided by Commissioner Stockslager, it was held that new publication and proof will be required where the publication was not made in newspaper published nearest the land.

Wright vs. Maher.—Secretary Vilas decided that pending final adjudication as to the validity of an entry in litigation, the entry of another for same land should not be allowed.

Many persons contract severe colds during the early winter months and permit them to hang on persistently all winter, weakening their lungs and paving the way for catarrh, chronic bronchitis or consumption. No one can afford to neglect a cold. A single bottle of Chamberlain's Cough Remedy will cure the most severe cold, and costs but 50 cents. For sale by H. J. Hills.

CAPITAL TIME AT COLLYER.

G. A. R. and W. R. C. Installation Services.

COLLYER, Kan., Jan. 5, 1889.

For some time past this day had been designated by both the Collyer Post No. 107, Department of Kansas, G. A. R., and the W. R. C. No. 49, as the day on which a joint installation would be held. As the time arrived both the Post and Corps members assembled at their hall.

This being regular Post day, the Post was called to order by Commander J. W. Burns, and after the regular business of the order was finished, the commander ordered the officer of the day to notify the ladies of the corps that all was in readiness and that they would proceed to joint installation.

With S. C. Robb, past commander, as installing officer, there was no error to be noticed by the critic.

The following officers were duly installed in Collyer Post No. 107, Department of Kansas, G. A. R.:

J. W. Burns, commander.

A. C. Lord, senior vice commander.

E. H. Parsons, junior vice commander.

R. G. Kessler, adjutant.

G. W. Blackwell, surgeon.

J. W. Hickman, chaplain.

G. W. Kessler, quartermaster.

Chas. Davis, officer of the day.

John D. Briggs, officer of the guard.

J. C. Martin, sergeant major.

Samuel Riley, quartermaster sergeant.

The officers of the W. R. C. No. 49 were installed as follows:

Mrs. Louise Kessler, president.

Mrs. Janet L. Burns, s. v. president.

Mrs. Sarah Bartlett, j. v. president.

Mrs. M. Gertrude Larson, secretary.

Miss Pearl Kessler, treasurer.

Mrs. Jennie Blackwell, chaplain.

Mrs. Angelino Martin, conductor.

Mrs. Betsey York, assistant conductor.

Mrs. Jane Parsons, guard.

Mrs. — Lord, assistant guard.

As soon as the ceremonies were concluded the ladies of the W. R. C. retired to the ante-room, and the commander closed the Post in due form.

The veterans, after congratulating each other similar to that so often seen after a heavy battle, had another important scene ushered in upon them by the ladies of the Woman's Relief Corps, in the way of a supper, that they had prepared in the ante-room immediately after their installation, thus completely surprising the old vets. But Commander Burns, who is always on the lookout that his men are not drawn into ambush, even by the fair sex, ordered the long roll sounded. This, the boys knew, in times of war, meant business, and by their prompt actions the commander ordered them into a hollow square. By this time a little of the excitement abated, and instead of the boys being attacked from the outside, as of old, they were somewhat surprised that their commander had formed them around a table spread with all the delicacies of the season.

Nothing further in the way of a sensation occurred until near the close, when the officer of the guard discovered two of the boys applying their old army tricks—torching. These were Sergeant Major Martin and High Private Schwanbeck. When brought before the commander and searched it was found that they had their coat pockets filled with biscuits and turkey. It was ordered by the commander that the sergeant major should be reduced to the ranks, and Private Schwanbeck carry a rail on his back around the hall for ten minutes.

It would not be out of place to call the attention of your many readers to this one fact, viz: That the W. R. C. of this place is made up of true womanhood in its broadest sense, with pluck and energy sandwiched in; that if these ladies will it they could remove mountains. Less than two years ago this town had no building suitable to transact their business. Now they have a large hall and fine kitchen and ante-rooms attached, with stoves and furniture ample to carry on their business exclusive from outside help. All this is principally due to the untiring energies of the ladies who compose the W. R. C. It is also true the writer does not wish to overlook the Post and what it has accomplished. Take the two societies, and since they were concluded to build a hall they have had one long pull to accomplish what now stands in Collyer as an ornament. Here is a sample of what loyal and patriotic men and women can do.

Commander Burns received to-day three headstones from the general government for the graves of Comrades Carleton, Bostwick and Bartlett. The stones are lettered with the names of the comrades, companies and regiments, and are ready to be set in their places.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. B. Jones, druggist.

A Company Raised at Wa-Keeney.

The Commissioned Officers Elected.

The enrolled members of what will be known as Company D, 4th Regiment, Kansas National Guards, met last Saturday evening at the office of the county clerk, and elected the commissioned officers, the election resulting thus: Captain, Pierce Metz; first lieutenant, Wm. H. Dann; second lieutenant, C. A. Hoar.

The enrollment of warriors is as follows, with the prospect of a few more recruits coming in:

Pierce Metz, C. E. Peacock, N. S. Stevens, A. E. Mickel, Max Wentzel, A. P. Hinshaw, Chas. Hobbick, Henry Robinson, T. O. Smith, Chas. N. Gibson, Claud M. Henkel, S. M. Marshall, C. A. Hoar, Sam F. Kelly, Wallace Gibson, A. S. Jones, C. N. Benedict, Geo. Shusher, J. H. Marks, F. H. Callender, F. A. Khrut, Chas. G. Brady, Leonard G. Johnson, W. H. Dann, Chas. H. Gibbs, Leonard Smith, Jr., Walter J. Siebert, Carl P. Henkel, B. F. Boyd, R. W. Frick, Steve Forrester, Robt. Forrester, Geo. Coles, Ed. Hacker, Wyett C. Swain, H. B. Cunningham, Earl B. Morgan, Jas. Harkins, G. W. Britton, W. E. Saum, F. W. Marshall, M. S. Howarth.

The minimum number which can constitute a company at the time of its muster-in is forty. The size of Company D will probably be fifty. The muster-in is likely to take place ever so soon. The formation of this company is the outgrowth of the disbandment of the Abilene company. That disbandment took place on the 31st of last month, and was the result of a disagreement upon the part of its commissioned officers. The company at this place will receive the uniforms, arms and accoutrements which were designed for the Abilene company. The uniforms had not been used, and are, therefore, as new and neat as ever.

We notice the name of no Union veteran on the roster of this company. This is all right. They have earned from military activity all the rest they want.

Sheriff Hogan and family arrived home by Wednesday's forenoon train. They had for several weeks been having a delightful time in visiting in several of the northwestern states. J. B. looks exceedingly well. The family was accompanied home by A. J. Hogan, a brother of J. B.'s, who will remain here for some time. His home has been at Villard, Minn.

Past Post Commander McClaren, of the Grand Army, installed the officers-elect of the Woman's Relief Corps at Post Hall Friday afternoon of last week. Their names and positions are: Mrs. S. M. Hutzler, president; Mrs. W. S. Tilton, s. v. p.; Mrs. A. L. Faxon, j. v. p.; Mrs. S. E. Shorthill, secretary; Miss D. M. Eicher, treasurer; Mrs. A. Frick, chaplain; Miss Viola Welch, guard.

Rev. Wm. D. Christian, dean of the Episcopal church at Abilene, was in Wa-Keeney on Thursday, in accordance with the announcement in this paper last week. He held communion services in the M. E. church in the afternoon. In the evening he conducted services in the same building. The main room was about filled with hearers. Many of our people participated in the exercises. Mr. Christian preached upon the desirability of set forms of religious worship. He made a strong argument in favor of the custom, and we thoroughly enjoyed his remarks.

Several years ago Chamberlain & Co., of Des Moines, Iowa, commenced the manufacture of a cough remedy, believing it to be the most prompt and reliable preparation yet produced for coughs, colds and croup, that the public appreciate true merit, and in time it was certain to become popular. Their most sanguine hopes have been more than realized. Over three hundred thousand bottles of Chamberlain's Cough Remedy are now sold each year, and it is recognized as "the best made," wherever it is known. It will cure a severe cold in less time than any other treatment. For sale by H. J. Hills.

H. A. Clarke, T. D. Hamilton and Peter Robidoux, all of Wallace, were in town early in the week. They came down to secure an order from our commissioners declaring Wallace organized as a city of the third class. They succeeded in doing so. This desire for incorporation was based upon the idea of having it so that, under the new law of congress, the mayor of the city can make final proof on that portion of the U. S. military reservation covered by the city of Wallace, the result of which will be to perfect titles to the real estate of the denizens of that burg in general.

During the last year and a half the cotton manufacturing power of Japan has increased more than 150 per cent.

When a London lady urges a friend: "Do take off your skin," she merely means for her to lay aside her sealskin cloak.

The Sultan of Turkey has decreed prohibition for Constantinople and ordered the police to close all the liquor shops in that city.

Prominent women of Paris are signing a petition for the suppression or restriction of impure literature, and a League of Public Morals has been formed.

As Esquimaux women tell us that the people of her country never wash or bathe, have no rulers or form of government, and every one does exactly as he pleases.

Every thing in the Czar's kitchen is kept strictly under lock and key, and no one can serve him any thing except the maître d'hotel, a Frenchman named Brenger, who alone attends the Czar at table.

The Swedish Government has declared against the importation of pork from the United States, unless it is well salted. The order is founded on a report that a hog pestilence is raging in the United States.

Near the town of Soleure, in Switzerland, a bird's nest was recently found which was constructed entirely of the imperfect watchsprings thrown out from the workshops. It has been deposited in the local museum.

American authors are more read than the English in Japan. Last year \$5,000 English and 119,000 American books were imported into that country, so that the old question: "Who reads an American book?" was fairly answered.

FRANCES VICTORIA ALEXANDRIA is the name bestowed upon a child recently born to a Sioux mother in Buffalo Bill's camp. It is the first Indian child born in England, and is named for Mrs. Cleveland, the Queen and the Princess of Wales.

There was a queer exhibition in the highest law court in England a few days ago. The tables in front of the bench were covered with women's bustles. A patent was involved, and the various styles of bustles were examined with curious interest by the learned judges.

There is a great store of gold as well as of coal in Corea, but an entire lack of proper mechanical devices for mining. The production of gold last year was \$5,000,000. The main object of the Korean Embassy to this Government is understood to be to interest the citizens of this country in the development of Korean resources.

A curious, lucrative trade in Paris is that of "knot-maker," or "tier of cravats." The trade flourishes chiefly in the season when there are dinners, balls, soirees and receptions in every corner of the capital. The good "knot-maker" jumps into his cab and is whirled around to his customers, doing his business in an incredibly brief space of time.

The Museum of Religions at Paris, which is to contain collections of idols, paintings and other objects having to do with the various religions of the world, will cost about \$300,000. It is rising near the Trocadero, and will house the collections made by M. Guimet and also afford rooms and library for scholars and those who translate Oriental languages.

There has recently been discovered in the high Alps, near the summit of the great St. Bernard, five large granite altars, and numerous other relics of the stone age, used in pagan epochs for sacrifices. Swiss scientists consider this discovery a proof that Mount St. Bernard was a place of sacrifice in pagan times, and that the Canton of Valais must have been inhabited by human beings as far back as the stone age.

The French peasants, rather than trust to savings banks, generally carry their money in their stocking legs, and a miserly old woman who died lately left quite a fortune in this way. She had lived in a veritable pig-sty, and her emaciated body was found on a heap of rags and rubbish. In her cotton stockings and sabots were 10,000 numerous trinkets of considerable value and securities worth more than \$35,000.

When using stale bread for puddings always soak it in a cold liquid. Bread that has been soaked in cold milk or water is light and crumbly, whereas that soaked in hot liquids is heavy.

MOLASSES SPONGE CAKE.—One cup of sour cream, one cup of molasses, one egg, a small teaspoonful of soda dissolved in hot water, a teaspoonful of cinnamon or ginger, two small cups of flour.

Oil-cloths should never be washed in hot soap-suds; they should first be washed clean with cold water, then rubbed dry with a cloth wet in milk. The same treatment applies to a stone or slate hearth.

APPLE SHORTCAKE.—Fill a square bread tin three-quarters full of sliced sour apples. Take half a cup of sour cream, half a cup of butter, one teaspoonful of soda, salt and flour to make a very stiff batter; spread over the apples and bake. Eat with sugar and cream.

Any gold jewelry that an immersion in water will not injure, can be beautifully cleaned by shaking it well in a bottle nearly half full of warm soap-suds, to which a little prepared chalk has been added, and afterwards rinsing in clear, cold water, and wiping it dry.

A quick and easy way to clean new kettles is to heat them hot; then grease them well (soap grease will answer). After the grease is well rubbed in, wash them thoroughly with soap and water and wipe them dry. Repeat and you will have no trouble with them about staining any thing.

FRENCH MCTARD.—Take of pure mustard four tablespoonfuls; sugar, one tablespoonful; cinnamon, one teaspoonful; cloves, six; black pepper and wheat flour, each one-half teaspoonful; vinegar sufficient to cover. Let it come to a boil, and, when cold, add from one to two tablespoonfuls of salad oil, stirring it in well.

As lemons are very nice and amuse people, but you will find that guest will have more appreciation for a box of photographs. Each photo can be taken in hand veritably and closely examined without exertion, whereas an album is usually a burden. The nicest boxes are the deep ones made of olive or satin wo. d.

WHEAT BREAD.—Put a sufficient quantity of flour in a pan for two loaves. Then put in two tablespoonfuls of lard, the same of sugar, and one teaspoonful of salt; in the center of which, pour one pint of boiling water to scald a part of the flour. Then pour in the same quantity of milk, or enough to make a batter; put in half a cup of yeast, let it rise over night, and mold into loaves in the morning. Bake again, and
